"Isolation Creations". "Our best yet"***

Covid, the lockdown and isolation was an adventure in creative Discovery. The slower pace enabled the time for the textile artists to try new textures and techniques. On show are the ultimate result. The creation of some wonderful pieces, the fleece is hand carded and hand spun, knitted or woven into incredibly beautiful scarves and garments and Nuno felted into one off pieces of wearable art.

***Red Earth Ruggers & Crafters. What's Old is New Again***

A show case of various forms of Rug making, Knitting and Crochet. Not only a showcase for "handmade" through the decades but also, an exciting exhibition showing off the skills of a new generation, where their fibre art focuses on creative expression. Reduce, reuse, recycle! is a strong element. "What's in our stash," sharing materials, but also skills, is a fundamental part of a group that truly celebrates the heart of craft.

**Gallery 3 Fay Stumm  
*Frozen Garden***

Ceramics and sculptural forms, large and small form the basis of "Frozen Garden." While clay is the dominant medium, wire, stone and textile all feature in this beautiful exhibition. Inspired by the artist's own garden, these forms highlight various areas of the garden. The exhibition features a range of locally made, one-off sculptural forms not seen before, that are wonderfully appealing and will attract the discerning buyer who is looking for something away from the ordinary.

***Meet the artists. Wind down, enjoy our warming winter programme.***

***These exhibitions will delight and inspire everyone.***

***During the month the exhibitors will be demonstrating their arts and invite you all to have a go, as well! Truly this is about the spirit of craft.***
